EXPERIENCE

Drone Pilot

NBC Sports (American Flat Track) — 2018-Present

- Shoot aerial footage on location for NBC Sports Network and American Flat Track. This role involves location scouting and submitting FAA waivers to operate in controlled airspace.
- Introduce American Flat Track to FPV (first-person view) drones for course previews as one of the first pilots to use FPV in sports broadcast TV.
- Handle, operate, and test all onboard GoPro cameras mounted to motorcycles of the top racing athletes.

Video Direction

Legend Suspensions — 2017-Present

- Coordinate video projects and manage the production process with the art director and owners of company.
- Organize all media (including rough assets, edits for review and finals), upload video files and manage archive, both online and offline.
- Track video analytics, review trends and make recommendations to help improve future video content.

Director of Photography

Zoomin.TV Netherlands (Kate's Letter) — 2017

- Utilized a shotlist and storyboard to film scenes, interviews and B-roll footage.
- Interviewed documentary subjects and participants to uncover their stories and imbue the film with their voice.
- Worked with other crew members to ensure the production remained on schedule.
- Delivered a final product that was polished and matched the head director's vision.

Location Manager

Altar'd State — 2017

- Scouted all locations used for a two-part commercial fashion shoot in Badlands National Park.
- Worked closely with art director and photographer to secure their creative vision.
- Sourced all prop vehicles and recruited local production assistants.
- Assisted the producer in overseeing all logistical aspects of each location and oversaw a crew of 15 junior staff.
